### ANGUS CALVES MUST BE TAGGED

Canadian breeders of Aberdeen Angus cattle have been notified that from Sept. 1 they will be required to ear tag or tattoo all calves before they are weaned if the intention is to register them. This follows the regulation carried at the annual meeting and will be strictly applied. A committee is still investigating the most effective system of marking, but in the meantime calves must carry either tags or tattoos to obtain registration. Suggestions made by the association point out that it is not intended

to allocate ear tag numbers to the initials numbered consecutively, the number to be followed by a year letter, which will designate the year in which the animal was born. The letter "M" to the "Z" letter for 1941. Thus, the private ear tags used by Roy Ballhorn, Wetaskin, to tag calves born in 1941, will be numbered HMY and HMY and up. The letter W will be on the tags of calves born in 1942. Tags must be put in the top of the right ear and midway between the tip of the ear and the head. Always put them in the same ear. Do not put tags on calves as deep in the ear as you would tags on older animals because the ear of the calf must grow

## Por Pourri

Burdened with great iniquity and pain In the vast wilderness of human scorn, The Scapgoat travels on towards the dawn. Another outcast yet, another Cain. No herdsmen claim him now, from him is vain All pasture lands and bright sweet streams are torn, And leaders' bells, and struggles horn to horn In the green valleys of his old domain. In some precipitous ravine of stone He stumbles on his predecessor's bones. Pale repulse of unrelieved blame; Then idly, where a few sparse grasses grow He crops the stunted nettles of his woe, And drinks the brackish waters of his shame. ("The Scapgoat" by Yvonne French.)

## CANADA AT WAR

(Continued from Page One)

two months in the use of arms and weapons peculiar to their service. In the case of infantry, for instance, they are instructed in Bren gun, 3-inch mortar, Tommy gun, grenade, rifle bayonet and revolver, protection against gas, driving of wheeled and tracked vehicles as well as in tactical exercises. There are 25 of these short training centres across Canada. The editors saw them in action at Camp Borden, Petawawa and Valcarlos.

**Army Trades School—** Meanwhile another vitally important role in moulding Canada's new army is being carried out at the Army Trades School in Hamilton, where soldier-students learn the trades associated with mechanized equipment. An entirely new development of this war school is the use of the huge training program given to the army's most skilled tradesmen for the Canadian Army, which is now completely motorized and which has armored regiments and tank battalions as its striking weapons. For example, all students at the Army Trades School first attended one of the 38 Canadian Technical Schools. They were all first trained in the fundamentals of soldiering at a Basic Training Centre. At present there are about 1,200 students at the Hamilton school with an ultimate capacity of 2,000. Their periods of instruction range from five months, dependent on the character of their trade. These labs will become artillery artificers, carpenters and joiners, electricians, fitters, mechanics, motor vehicle fitters, instrument and wireless mechanics. These are only a few of the 150 types of tradesmen in the modern army. A large staff of instructors is required for the four main departments, which are—Automotive, Electrical, Machine and Milling, and Carpenters. In addition there are facilities for draughting, blacksmithing, welding and sheet metal work.

**Officers' Training Centre—** What about Junior Officers (subalterns) for the Canadian Army, of which it is estimated that nearly 6,000 will be required in the next year? They will be provided through Officers' Training Centres established at Brockville, Ont., and Victoria, B. C. If the course of training seen by the editors' party at Brockville is any criterion, the Army's new officers will be fit in every way to meet any possible emergency. The course is a strenuous one and pre-eminently demands a high standard of physical fitness. For the first month of the three month's course, the potential officers undergo training common to all arms, including squad and rifle drill, protection against gas, route marches, motor cycle riding and trench-digging. They then receive advanced instruction in their particular arm. It is a strict rule, now, a lesson from the last war, that officers must come up from the ranks. Candidates for commissions must have served either four months in an Active formation or one year in training at Brockville, with one-third of that number being graduated each scheme.

**Study the Keynote—** Such is the elastic training scheme for Canada's new army, now in full operation across the far-flung Dominion. We have described only what we found in Eastern Canada. Its counterpart will be found in the West as well. There is no gainsaying the fact that

## THE WEEK IN EDMONTON

(BY DAN E. CAMPBELL)  
(Director of Publicity)

**Bond Re-funding—** Alberta government members and representatives of the bondholders have made considerable headway in analyzing plans for the refunding of the provincial debt, following extensive conferences during the past week and adjourning when Hon. Solon R. Low and Hon. E. C. Manning were called to Ottawa. In the nation's capital, these ministers were expected to confer with Dominion officials in connection with the income and corporation tax transfer.

**Fall Stock Show—** Edmonton's traditional fall show will be held as usual this year, despite occupations of the Exhibition grounds by the R. C. A. F. It was announced last week that 200 man have been entered in the sheep classes, together with 50 ewes. Good entry lists are promised in the swine classes, Yorkshire and Tamworth.

**R. C. A. F. Students—** University of Alberta will offer students who plan to join the R. C. A. F. at the end of the forthcoming session, a special course in basic training and subjects of general interest to air force candidates. It was announced this week. Prospective students will be required to pass a medical examination and affirm their intention to enlist. General military training will be carried on, but medical students in the fifth and sixth years and engineering students in the third and fourth years may be exempt from special circumstances.

**North rich in Minerals—** Arriving in Edmonton after five months spent in the North, Dr. A. W. Joffe of the Dominion Geological Survey declared that our country has a great future, and this while much is being done there. Mining has "just begun" where the possibilities are unlimited. He has spent five years in geophysical work in the North country. This summer surveyed tungsten deposits at Olinville Lake, 50 miles west of Yellowknife.

**Prepare Now For Peace—** Despite inability to determine the length of the present war, preparation should be commenced now for post-war rehabilitation, declared Hon. R. C. Manning this week at a luncheon meeting of the Optimist Club in Edmonton. "Let it not be said that having won the war we lost the peace," said the minister. Wishful thinking will win neither the war nor the peace, he continued. "We must face cold, hard facts which confront us, and then take the necessary action to fulfill those facts."

**University Affairs Being Probed—** Second meeting of the special investigating committee probing affairs of the University of Alberta was held Friday, with H. H. Parlee, K. C. in the chair. Called by the Department of Education following resignation of Dr. W. A. R. Kerr, the committee is considering reports on all phases of University activities for incorporation in a report.

**O. & A. Attracts Many Students—** Maximum enrollment of more than 200 students is expected at Ochs Arrivals in this year, according to J. R. Sweeney, deputy minister of agriculture. Early registrations were heavy, and are continuing. Until the end of the year, the Vermilion school will remain at the disposal of the military authorities.

**Health Radio Dramas**  
Toronto.—In addition to its educational work through the press, magazines, billboards and leaflets, the Health League of Canada will this autumn launch a series of 12 radio dramas designed to stir Canadians into action toward a more aggressive public health program. The radio plays, which have been produced on transcriptions under the direction of the Canadian radio play right, Hal Purdy, all deal with dramatic episodes in the lives of heroes of medicine. They tell of the battle against disease, and how persistent studies and tests finally achieved success in the fight against sickness. The plays include—"The Life of Louis Pasteur," "Conquest of Typhoid," "Conquest of Polio," "The Work of Lord Lister," "The Magic Bullet," "Sir Frederick Banting and Insulin," and others. More than 35 radio stations in Canada will carry these educational plays.

## Under The Street Lamp

by F. E. (Pat) O'Hoolley

Art Hay called on his Lion friend, Dr. John. They chatted for a couple of hours. As Art rose to go, Doctor John asked "Family all well, I suppose?" "Good heavens!" exclaimed Art, "that reminds me. My wife's having a bit."

Judge: "Well, Jimmy, I see you're in again for fighting with your wife. Liquor again?" Jim Gannon: "No sir, judge, she licked me this time."

Guide: "This ladies and gentlemen, is the greatest cataract in the country, and if the ladies will be shown for a moment, you can hear the deafening roar of the waters."

Lefalve had taken too many cocktails and suspected his table partner was aware of it. With careful politeness, he offered apology and explanation.

"And, anyway," he added, "though I may be slightly under the influence of inkahol, I'm not so thick as you drunk I am."

Father had his little daughter on his knee. "What are you going to do when you grow up?" he asked the child.

"I'm going to marry an engineer," replied Verna Mae. "And what kind," he asked. "A civil engineer."

"Oh," replied the little daughter, "it's the matter what kind. I'll soon make him civil."

Bert Freeman wanted to slip out of barretts—unofficially—to see his girl. He turned to the sentry and stated his case.

"Well," said the sentry, "I'll be off duty when you come back, so you'd better have the password for tonight. It's 'Idiosyncrasy'."

"Idio what?" "Idiosyncrasy."

"I'll stay in barretts."

— "I" —

## NAMAKA

By M. W.

Kenneth Watts who is with the R. C. A. F. at Penfield, N. B. was home for a visit of seven days.

Mr. and Mrs. Dennis Watts and Kenneth's wife, Lucille, spent the week with Mrs. Watts, coming over to see Kenneth during his visit home.

Mr. and Mrs. Claude Mackie, Mr. and Mrs. Roy Wheeler and Miss Katherine Boshman motored over to High River Tuesday for the opening of the Air Port ceremonies.

Miss Mary Thew is home from the Rosemary hospital following an operation for appendicitis.

Mrs. Jack Lepp visited with relatives at Rosemary during the past week.

Mr. A. Bremner now in Currie Barracks, Calgary, came down for a few days shooting at Namaka, and to visit former friends.

TO PAY YOUR 1941

## Income Tax

on the Government Monthly Plan  
You must start at once!

NEXT TUESDAY will be the last opportunity to pay your 1941 Income Tax on the Government Monthly Plan. This gives you the privilege of paying in twelve monthly installments without interest, instead of by lump sum in March 1942.

Here is how to get the monthly payment privilege: Divide the total of your 1940 Income Tax by twelve. This is your first payment — and must be paid to the Receiver General on or before September 30, 1941. You will then pay the same amount before the end of each month for the balance of 1941. When you have estimated your 1941 income tax at the 1941 rate, you will deduct the four payments you will have already made, and pay the remainder in eight equal monthly installments, starting January, 1942.

The Government offers the above plan as the most reasonable and convenient method of meeting income tax obligations. Ask your local Income Tax Office for installment Income Tax Remittance Form — and any further information you may require.

LETTERS TO  
THE EDITOR

LETTER FROM JACK ISARD  
Sept. 18, 1941

Dear Mr Moore:

I am writing these few lines thanking you so much for the Strathmore Standard which I request, but am asking you to change the address again to Niagara Falls, as I was away to Shilo, Man, for 13 weeks at the School of Instruction, 4th Division.

Met a lot of the boys, Frank from Alberta, L. Van Tighem, Frank Sweden, and others. It was swell to meet them once again. I got back here in time for the peaches, which are a fine crop. 20 cent a basket.

I was down to the Falls yesterday, a wonderful sight, also the new bridge which is nearing completion across the river to the American side. The longest single span in the world, 690 feet.

A lot of tourists are here these days, from all parts, taking in the sights and they give you as well as being the finest in any small town in the Province.

We have schools, Public and High, the standing of which is rated among the best in the Province—Calgary not excepted.

We have a Weekly Paper which is welcomed in the homes of our citizens.

Strathmore is the Headquarters for the Western Division of the C. P. R. Irrigation System, which brings a number of men and women of varied experience.

Also situated within Strathmore's limits is the C. P. R. Stock Farm which produces the Holstein herd of cattle that stands among the top show herds in the Dominion for ring winnings and production.

Also within Strathmore's boundary is situated the CPWY Transmitter. The Golf Course attracts top notch players who comment in glowing terms on the excellence of the course, with its attractive Club House. The offices of the Wheatland School

## Agriculture the "Poor Relation"

1. That the initial payment by the Wheat Board should be increased to \$1 a bushel for One Northern wheat at the terminal.
2. That the stocks of wheat represented by the carryover as at July 31st, 1941, should be taken off the market and held as a national emergency war reserve.
3. That, as from August 1st, 1941, all sales of wheat should be credited to the crop year 1941-42.
4. That the crop year 1941-42 should be declared an emergency year under the terms of the Prairie Farm Assistance Act, irrespective of market prices prevailing.

The above four requests were made by a delegation, representing the western Wheat Pools, which, on August 18th, interviewed the Wheat Committee of the Federal Government.

The delegation pointed out that principally because of the short crop, the farm produce from wheat produced in Manitoba, Saskatchewan and Alberta will be approximately \$20 million less than last year, and this in the face of continually rising farm costs.

The delegation complained the government's wartime wheat policy with its agricultural price policy. From the government's viewpoint wheat prices are fair and reasonable if they are as high as the highest rates paid between 1926 and December 16th, 1940. If farmers were treated on the same basis, the prices of grains would be as follows:

Wheat, per bushel ..... \$1.60  
Oats, per bushel ..... .90  
Barley, per bushel ..... .80  
Rye, per bushel ..... 1.35  
Flax, per bushel ..... 2.00

If Canadian unity is to be maintained, the Wheat Pool management pointed out, and we are to reach our maximum effort in the successful prosecution of the war, the great disparity between agricultural and labor policy must be eliminated. "We would urge upon the

government of Canada that the farm producers, who form such a large part of our population, should not be regarded as the "poor relation" of the Canadian family, and that it be in the national interest that steps should be taken to place the living standards of those engaged in farming on a basis commensurate with the rest of the country.

"We realize fully the necessity of maintaining our war industries at the highest possible pitch of efficiency, and that in order to reach this workers should enjoy fair and reasonable wage rates. We know of no foundation upon which the principle can be established that agriculture should continue to produce supplies at prices below the cost of production in order that other groups of our population, who are already protected by cost of living bonus regulations, should enjoy a lower cost of living at the expense of agriculture.

"In this memorandum we have not tried to emphasize the unrest, dissatisfaction and anxiety now prevailing in the western provinces, largely as a result of lack of adequate farm revenue to maintain reasonable living conditions. At the same time we would like to emphasize that, in spite of conditions at present prevailing, there are neither strikes nor lockouts in the agricultural industry."

Wheat producers of Alberta should clearly understand what is being done to help their cause. Their organizations can go so far. Further progress can be made only by the wholehearted and energetic support of the whole body of farmers.

"STRATHMORE TAKES  
LIFE EASY"  
STRATHMORE IN LUDICROUS  
PICTURE

STRATHMORE citizens were in turn amused, then chagrined, then seriously incensed on looking at the pictures and reading the various comments thereon, which appeared on the front page of the Magazine Section of the Calgary Herald's issue of Saturday, September 20.

The pictures such as they were clear and well reproduced, the press work being up to the usual high standard of The Herald. This much in fairness we are quite willing to admit.

But—and here follow several objections, which represent the general feeling of annoyance of Strathmore Citizens.

First "Strathmore has two hotels, a picture show and plenty of time." "Plenty of time"—It is to laugh. We add to this limited list—Strathmore has three churches, a bank, a B.E.S. Memorial Hall, which is credited as being the finest in any small town in the Province.

We have schools, Public and High, the standing of which is rated among the best in the Province—Calgary not excepted.

We have a Weekly Paper which is welcomed in the homes of our citizens.

Strathmore is the Headquarters for the Western Division of the C. P. R. Irrigation System, which brings a number of men and women of varied experience.

Also situated within Strathmore's limits is the C. P. R. Stock Farm which produces the Holstein herd of cattle that stands among the top show herds in the Dominion for ring winnings and production.

Also within Strathmore's boundary is situated the CPWY Transmitter. The Golf Course attracts top notch players who comment in glowing terms on the excellence of the course, with its attractive Club House. The offices of the Wheatland School

Division and Municipality of Bow Valley are situated in Strathmore.

And last but far from least Strathmore citizens are excellently served by Garages and Service Stations, Machine shops, two General Motors Stores, Hardware and Lumber, Drug Stores, Men's Better Clothing, a 24 hour Telephone Service, etc., etc. The managers of these are alert business men looking carefully to the needs of their patrons.

Among our Lodges and Service Clubs, we number alert organizations to wit—The Masonic Order, The Lions, Canadian Legion, Town Council, Sorority Societies, Red Cross, School Fair Association, Boy Scouts, 22nd Battery of His Majesty's Forces, Musical and Dramatic Clubs, and in addition each church has its own women's organization.

Living in Strathmore is the C. P. R. Display Official, who travels from Montreal to Vancouver erecting the various exhibits which adorn the walls of individual depots, giving an interesting display of some of Canada's products of grain, game, timber, minerals, etc., etc.

"Small Town?" In numbers, yes, but in activity and esprit-de-corps, WE KNEW NOT THE WORD.

We challenge the author of the article in question to come and spend a month in our midst—and if he enters into the varied life and activities of the town, he will be kept so busy he will long for the end of the month, which may be any time to relax.

PREPARING FOR PEACE  
BUY WAR SAVING CERTIFICATES

A SECOND Campaign for War Savings Certificates will be opened early in October.

The days of the war are difficult days and the days of the aftermath will be scarcely less so if we are not prepared to meet the emergency that will necessarily arise.

It would be a major tragedy after having won the war, to lose the peace. It is because they finance the war and also bring a reserve coming in the future, that War Savings Certificates make a sound investment.

For the men who are now fighting for our freedom, employment must be found when they return—nothing less is what the name of Canada. War Savings Certificates will help in the peace time readjustment—Buy to your limit.

## CARSELAND

by R. C.

The school reopened on Monday last with the following changes in the teaching staff. Principal, Mr. Fred Worger; Junior High, Miss Gillander; Intermediate, Mr. McKenzie; Medicine Hat, Miss Helen Kenehan, is again in charge of the Primary Room. Steps are being taken immediately to organize a local branch of the Home and School Association.

What might have resulted in serious injury, if not loss of life, occurred on Thursday morning last, when Glen Field's truck, driven by his son, overturned on the highway near the Winter's service station at the junction of the Provincial and Calgary highways.

The driver, Glen Field, accompanied by R. Petersen was returning with the empty truck from Calgary. Another school bus came off the Drumheller road and turned across the highway in front of the truck, heading for the service station. Mrs. Field noticed a number of children in the cab and in order to avoid a collision headed for the ditch. It was raining hard at the time and the truck skidded and overturned. Fortunately, no one was hurt. Neither Mrs. Field nor Elmar Petersen received so much as a scratch. The windows of the cab were closed who they turned over. Some boy on a bicycle opened the door and let them out. Constable Rawhorse was called to the scene of the accident and after investigation concurred Mrs. Field entirely from any blame. The driver of the car acknowledged his mistake. Damage to the truck was estimated at about \$100.

A Chinaman from Shoudeide driving a Ford V8 crashed into a truck from Tilly near the River Bridge at Carceland Monday, Sept. 22nd. The truck was conveying a separator and had stopped to adjust the load so that it would clear the bridge. Nobody was hurt but the car was badly damaged, and was towed back to the Bow Valley Service Station.

Hilbert Neergaard, son of Mr. and Mrs. T. Neergaard was married on

## NEW SHRUBS

(Experimental Farm News)

Home-makers who may be concerned about adorning their home grounds would do well to put first emphasis on shrubs. The shrubbery border throughout every one of the twelve months of the yearly round, states W. L. Leach, Superintendent of the Joint Experimental Farm, Morden, Manitoba. Annual and perennial herbaceous flowers are fleeting and even the most persistent among them add gaiety and charm to the scene but for a few short weeks. In gaiety and contrast, the widespread native shrubs, the Pennington, or the Highbush Cranberry, in early spring red pump buds show up against the clear creamy bark from which they spring. In May, the large heads of white blossoms are distinctive. The large oval, green fruits colour in late August to a bright scarlet and hang on even to spring, thus making winter-toned with summer, and warranting the contraction of the Indian words meaning Summer berry, known now as Pennington.

There are several hundred newly acquired shrubs that seem adapted to sheltered gardens in prairie Canada.

## It Fooled The Navy

The CBC sound engineers are really doing a job on overseas recordings. Some time ago a Canadian destroyer at an east coast Canadian port, gave this to say about them.

The crew was standing by one evening for a city-wide blackout. Mother's son on his toes for black-out. At 10 sharp, the sirens wailed. Orders were given and the ship was blacked out. "I wasn't," long before somebody noticed a flaw in the efficiency. It became quite apparent that the sirens were sounding from the ship's radio, and not from the shore alarms.

TWO MORE EGGS  
PER BIRD PER MONTH

British records eggs in large amounts from Canada and only a general improvement in management and feeding practices can produce them in time. Two more eggs per bird per month from all laying birds in Canada will do the trick. A few simple suggestions, that can be easily applied by all producers, will be made in this letter.

Cleanliness in the poultry house is one of the first necessities. This means that a poultry house should be thoroughly cleaned by removing all bedding and droppings, scrubbing the walls and floors and then spraying or painting the walls with whitewash. This should be done at least once a year and especially before the pullets are placed in their winter quarters. Periodically all the bedding should be removed and replaced and the dropping boards should be scraped every day.

## CHEADLE

by L. McL.

The Ladies Club held their first bridge party of the season last Friday. Those winning prizes were: High, Mrs. Montague; Mr. Wm. Craig; Low, Mrs. MacKenzie; Mr. H. Wood; Average, Mrs. P. Sugden. After lunch those present were entertained by several vocal selections by Enid Holosko, accompanied by Eileen Novak.

The monthly meeting of the Ladies Club was held at the home of Mrs. R. Miller. It was very well attended. It has been definitely decided to have a dance in the Cheddle Hall the first Friday of every month. The first dance to take place October 2nd with the Royal Air Force Orchestra from No. 3 R.F.T. Municipal Airport in attendance. Don't think they can't "swing it" either.

We are glad to report that Jean Smith is home from the hospital after being there for over two months.

"It is going to be a hard winter," say the Indians. "Just look at all the wind piled up outside the white man's door."

Sept. 18th in Calgary to Miss Ruth Heron who had been employed at the Wales Hotel for a number of years. They visited Carceland last week-end.

Mrs. E. Skretting of Vauxhall is spending a few days with her parents Mr. and Mrs. Thiel. Her daughter Thelma, eleven, is attending the Carceland school and is staying with her aunt Mrs. Glen Field.

Mrs. Annie Larsen is moving into the house just recently vacated by P. Knight and family who left for Calgary last Saturday.

Born to Mr. and Mrs. Joe Niehlin in the Holy Cross Hospital, Tuesday, Sept. 22 a baby girl.

It was Bob Bowman again—and he was introducing one of his Canadian defense industries program with recordings of London air raid alarms. You see, the Canadian tars had been in England during last winter's blitz, and everybody—from the skipper down—thought he knew an alert soldier, a former Scout, used the latter's undershirt as a tourniquet. Another Scout used to a farmhouse, for a car, and the injured lad was sped on the way to a doctor, than the hospital. The soldier was a member of a Toronto regiment.

## "Imagine it taking a war to set us right"

Husband: "There's one thing we can thank Hitler for. He's got us saving at last."

Wife: "You? Imagine! Until it became a positive duty we certainly never managed to put anything but each week."

Husband: "I think it's partly because these War Savings Certificates are so simple to buy."

Wife: "You mean the idea of getting the office to deduct a regular amount each week from your salary?"

Husband: "Yes! And how they're mounting up! Quite a nest-egg when you count the interest they're earning."

Wife: "Well the more the merrier, I say! There are lots of things we'll need the money for, as the years roll by!"

The help of every Canadian is needed for Victory. In these days of the war the thoughtless selfish spender is a traitor to our war effort. Reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labor and materials to be devoted to winning the war. The oil-out effort, which Canada must make, demands this self-denial of each of us.

## Local News Items

Rev. and Mrs. C. E. Reeve from Calgary and two children, Teddy and Norman were guests of Rev. and Mrs. Pearson Friday last.

Mr. and Mrs. Lorne Wilson of Mirror were guests at the Rectory Friday and Saturday of last week.

Glen Boiesvain has joined the R. C. A. P. and left last Saturday with a group of twenty young men for Toronto where they will take training.

Mr. Sweet, High School Inspector for this district was a Strathmore visitor Monday.

Mrs. Hinchcliffe who has been in the General Hospital for several months is very ill.

Mrs. A. P. Gray invited a number of little friends of her daughter Helen Tuesday afternoon to make merry and celebrate with Helen her 8th birthday. Various games were played by the young guests. A supper table centered with an attractive birthday cake with the 10 glowing candles and an abundance of choice things to eat also added to the delight of the party. Helen was the recipient of many pretty gifts, some coming from far away Scotland.

The guests were Jean McMurray, Shirley and Lorraine Howse, Margaret Paterson, Vera Mae and Jeanette Gannon. We wish Helen many happy returns.

The L. A. of the United Church will meet Thursday, October second, at Mrs. Neils White's home at 3 p.m.

Mr. and Mrs. McMurray had as guests Sunday, Mr. and Mrs. Bennett of Calgary and Mr. McMurray, a brother.

Contributions for Soldiers' Parcels gratefully accepted by Sorosis Society. See Coming Event.

Miss Betty McMurray is leaving Friday for Montreal where she will enter her final year at McGill University.

Mr. Archie Gray of Camrose spent the week end of last week in Strathmore with his father and sister, Mr. R. E. Gray and Frances.

Miss Annie McGregor along with three other girl students in Mr. Ranson's Computer School left Calgary Thursday for Raymond, Alta., where they have a position for six weeks. Good going Annie.

Eddie Gilbert was in town Wednesday looking up a number of friends. Eddie is looking in the pink and is enjoying his army work.

Jack Bennett entertained the Big 6 Club at her home Thursday of last week. Four tables were in play and a happy evening enjoyed by all.

**IN MEMORIAM**  
Lawrysen—in loving memory of Betty, who passed away Sept. 29th, 1938.  
In our home she is fondly remembered.  
Sweet memories cling to her name.  
Those who loved her in life sincerely still love her in death just the same.  
Ever remembered by Mother, Dad, Brother and Sister.

**IN MEMORIAM**  
In loving memory of Josephine Mary Gray, who passed away, September 25, 1929.  
"There the weary be at rest."  
Fondly remembered by her husband and family.

**ENGAGEMENT ANNOUNCED**  
Mr. and Mrs. M. B. Garrett, of Strathmore, announce the engagement of their second daughter, Alice Elizabeth, to L. A. C. Arthur B. Polley, R.C.A.P., only son of Mr. and Mrs. H. Polley, of Calgary. The marriage will take place in October.

Mrs. McGregor is enjoying a couple days visit with Calgary friends.

Mrs. Bray and daughter Hazel visited Strathmore friends Sunday.

Eddie Crellin now of Rossland B. C. enjoys his vacation with his parents in Strathmore. Mrs. Crellin, who expected to come with her husband remained in Edmonton to nurse a very sick uncle. Eddie is looking well and prosperous.

Mrs. John Taylor who has been in the Holy Cross Hospital for three weeks following her accident is now able to be up. Her room is near Mrs. Knight, and they will enjoy quiet days during the convalescence. Mr. Knight is suffering extreme pain.

Bill Woodliffe is Strathmore's latest recruit to join His Majesty's Forces. He has signed on in the Medical Corps. Mr. Woodliffe will leave for Calgary as soon as he has made satisfactory arrangements for carrying on his business in Strathmore.

### NIGHTINGALE

Mr. and Mrs. Wm. McLean and Mr. and Mrs. Jack McLean came from Kiltie, Alta., last week to attend the funeral of their brother Archie last Tuesday. While here they renewed acquaintances with old friends.

Mr. and Mrs. Wm. Otto have as guests their son and daughter-in-law, Mr. and Mrs. Otto of Winnipeg.

We are pleased to learn that Mr. N. Kinney is well enough to be at home once more. She spent several weeks in a hospital in Calgary.

Miss Rosalie Stonaker has gone to her school. She is teaching at Blue Spring school near Wayne. Kathleen Hartman will continue as teacher for the Towers school near Cluny.

Mrs. Thurston entertained the officers, directors and members of the Women's Institute at her home last Wednesday. A quilt for the Red Cross was tied. Mrs. Walter Mercer and Mrs. Thurston favored the ladies with musical numbers. Mrs. Tom Taylor of Strathmore and Miss Margaret Beattie of Cluny were welcome visitors.

Mrs. Joel and several of the institute members tied a quilt for the Red Cross at her home last Thursday. Some much needed work is being done here and considerable needs attend.

Mrs. and Mrs. Trimble moved back to the Valley Garden teachers. Mr. Trimble began school on Monday. Miss Keplest is teaching at the Nightingale school.

The Canadian gold dollar contains 23.22 grains of gold.

### BAD NEWS FOR HITCH-HIKERS

A new road sign has appeared this summer on some of the highways running through the Muskoka Lakes region of Ontario. Signed by the Ontario Provincial Police, it reads—"Picking Up of Pedestrians in This Area is Prohibited."

Perhaps the prohibition will be obeyed, but to one motorist at least it was evidence of a rather arrogant assumption of authority. Literally interpreted, the sign means that one can not give even a neighbor a lift if one overtakes him on the King's Highway. No reason is given for the prohibition, no set or order in council is cited as justifying the police in promulgating it. Even the wording is vague to the point of absurdity. Does "this area" mean the few hundred square yards surrounding the signpost, or the whole District of Muskoka or the Province of Ontario?

One would also like to know what penalties are in store for the driver who flouts the prohibition. The hitch-hikers are not worried, for clusters of them still beg rides along the road, often within sight of the signs; but of course they are taking no risk. The offense, if it is an offense, lies in giving a lift and not in asking for one.

The motorist who reports his observation of these signs is worried, for only a few miles before he first came upon one of them he has given a lift to an attractive young lady, should he have thrown her into the ditch as soon as he read the sign, or should he report his infamous conduct to the provincial police and throw himself on their mercy? He is sincere in his desire to be a good citizen at all times, but he is flustered by increasing difficulty.—THE PRINTED WORD.

The Boy Scouts of Granby, Que., whose salvage campaign last summer produced \$75 for the Red Cross, are in charge of the National Salvage campaign in that district.
